The art of working in and for museums with experience and passion,
a 25 years long commitment to offer Italian culture at its best.
The excellence of the Italian museums belongs to our daily life:
we know museums better than anyone else,
because they are part of us and our aim is to welcome our visitors
to this enchanting world of history and beauty.

Our ethos is based on getting things done.
In over twenty years we have produced a vast number of exhibitions and cultural events “behind the scenes”, we have managed museums that are unique in the world, we have achieved the highest standards of quality and expertise in our line of work. And today we are proud to tell our story...
